

Sikkim Government College (Renamed as Nar Bahadur Bhandari Degree College),

Tadong, Gangtok, Sikkim-737102

Institutional Distinctiveness (2018-19)

The college strives to cater to the growing need of quality education in Sikkim. In its endeavour to uphold its mission of emancipating our youth through value-based holistic higher education, our constant endeavour is to promote student centric activities and thus fulfil the institution's motto, "Wisdom through Knowledge".

Our vision is to have transformational impact on students inculcating qualities of competence, excellence and ethical character while meeting employment and knowledge aspirations locally. The student gets all sorts of supports that cater to their needs and kindle their mind and spirit for seeking new knowledge and inspire them to excel in their every endeavours of life. Being one of the premier institutes in the state it always tries to put up best practices of fostering love, compassion, universal brotherhood and patriotism across society.

The college offers 19 Undergraduate (UG) and 5 Post Graduate (PG) courses. One of the distinctive features of the college is its online admission process for UG and PG programmes that follow a transparent and well administered process in compliance with the norms of both State and Central Government rules with the prime motive of making education accessible to all. Being one of the oldest Government college in the heart of state capital there are always a huge flux of students seeking admission from all over the state. The practice of online admission provides a free and fair platform to students from all sections of society based on merit. Efforts are always made to accommodate maximum number of students and a steady increase in the number of students enrolled over the last few years is the testimony to it. The college follows a semester system which includes innovative methods of teaching/ learning/evaluation such as Term paper presentation, Project work, Fieldwork along with Guest lectures. Remedial classes are also conducted for weaker students. Existence of students mentoring system at the departmental level adds to another distinctive features of the college in which mentors plays important role in guiding the students regarding various careers prospects so that become fully prepared for the life challenges after college. For this different career counselling sessions are also conducted by the placement cells to provide students with appropriate career information and guide them so that they are able to make future career planning.

Every year the College organizes sports annual sports, cultural and literary event, it organised such program in academic year 2018-19 under the theme of "BLISS 2018" with the aim of making students more energetic and provide an environment for their overall development and showcase their talents. The basic objectives of such events are to develop a cultural value and encourage them to participate in various indoor and outdoor sports which would help them to enhance their individual qualities leading to their holistic development.

Objectives (i) To provide an environment for physical as well as overall development of the students (ii) To provide opportunity to the student to showcase their talent both in arts, sports and literature (iii) To promote sportsmanship among students by organizing various sports activities. (iv) To provide a platform for those having different talents and letting them flourish. (v) Provide everyone an equal opportunity to participate in educational and extra-curricular activities and develop their creative abilities. (vi) Last but not the least, to preserve and promote the diverse and dynamic cultural heritage of the region.
