

Report of the webinar held on 11th May 2021 organized by Dept. of Physics, NBBDC, Tadong, to celebrate National Technology Day 2021.

Webinar was aimed to aware the students about the importance of science and scientific research for the development of technology. For this, one of the eminent scientists from Tezpur University was invited to talk about his scientific discoveries. And one of our experienced faculty Dr. Kunwar was invited to highlight the relation of scientific research in the basic science and the development of science. The webinar played an important role in motivating students to go into the field of research and utilize their research outcomes to solve the problems of society and enrichment of basic science knowledge. At the end, the feedback was asked and e-certificate of participation was also distributed.

Webinar
11th May 2021
starts at 10:30 Hrs.

Speakers

Dr. Robin Kumar Dutta
Professor, Department of Chemical Sciences, Tezpur University, Napaam.
Title of Talk: **Arsiron Nilogon and Fluoride Nilogon: two do-it-yourself rural technologies for water purification**

Dr. Bhakta Kunwar
Associate Professor, Department of Physics, NBBGC, Tadong, Gangtok.
Title of Talk: **Science and technology- their interdependence**

Organized by: Dept. Of Physics, NBBGC Tadong on the occasion of NTD 2021

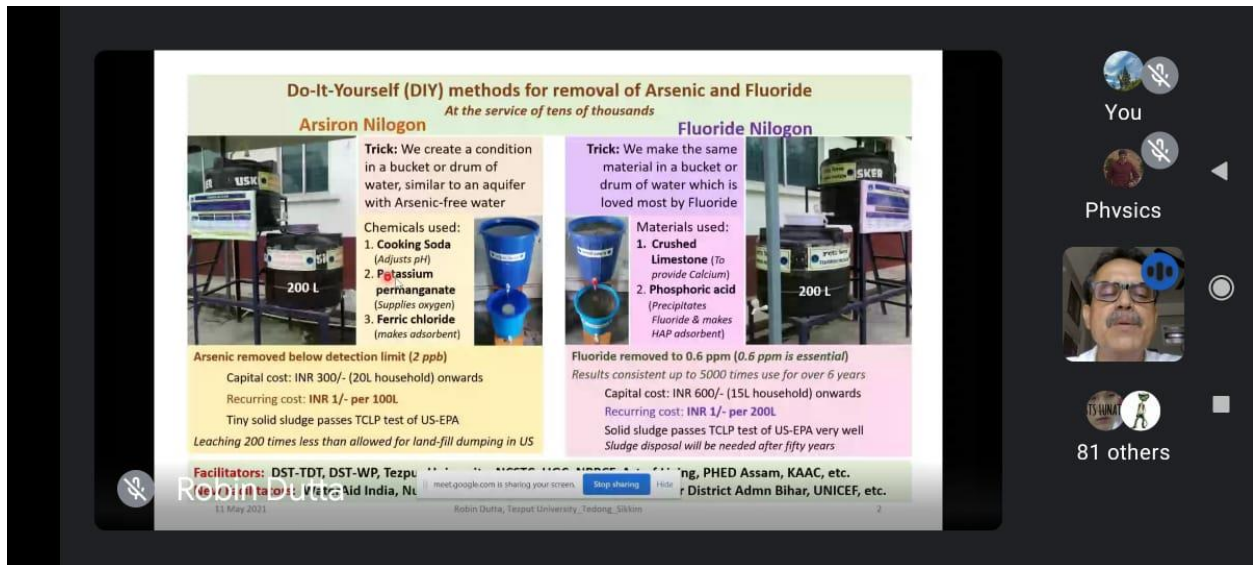

The webinar was attended by about 90 participants comprising, faculty members and students across the country. The event was started with the opening remarks by the convener of webinar Dr. Homnath Luitel, followed by a short addressed by Dr. D Purohit, principal, NBBDC, Tadong.

In his speech, the principal gave a brief introduction of college and the different courses carried in the college. Also, he emphasized on the importance of conducting such events to motivate students and in general for the development of science. He congratulated the organizers for hosting such event. At the end, the principal wishes a grand success of webinar and suggested to organized many similar events in future.

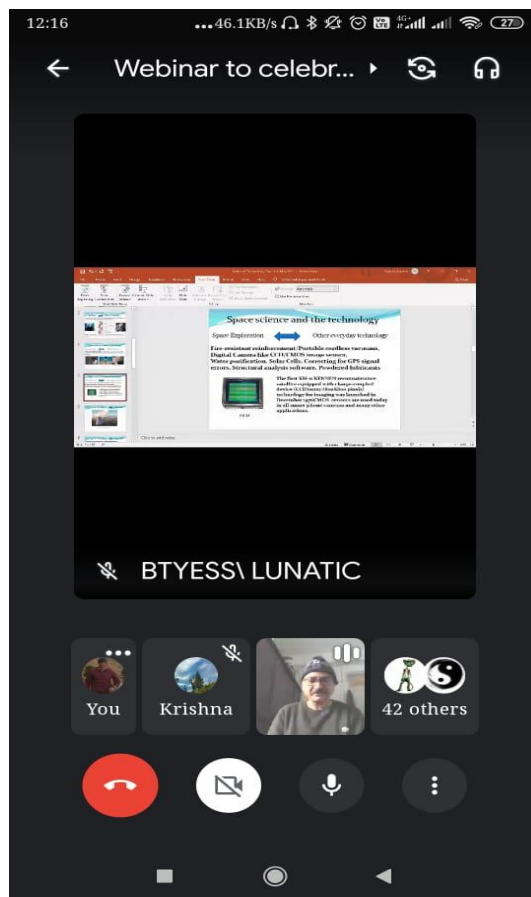

The moderator thanked the principal for his motivational words and without delaying a bit, the First speaker of the event Dr. R. K. Dutta was formally introduced and invited to deliver the talk.

Professor Dutta, talked about two of his Patented technologies, known as Arsiron Nilogon (removal of arsenic and iron) and Fluoride Nilogon, which has been providing safe drinking water to lakhs of people in the northeastern regions of India. After the talk of first speaker, the webinar was opened for Q & A sessions, where the speaker answered the queries raised by the participants.

After the first talk, one of our senior faculty Dr. Bhakta Kunwar spoke about the relation between scientific works and the evolution of different technology like development of Internet, microscopy, etc. Finally, the event was concluded with the vote of thanks note by Mr. Ronal Rai, Assistant Professor, Dept. of Physics, NBBDC, Tadong.

Webinar to celebrate National Technology Day (NTD) 2021

Organizing Committee

Patron: Dr. D. Purohit, Principal NBBGC, Tadong

Advisors

- 1. Dr. B. R. Jaishi, Associate professor. Dept of Physics, NBBGC.**
- 2. Dr. B. Kanwar, Associate professor. Dept of Physics, NBBGC.**
- 3. Mr. V. Chettri, HoD, Associate Prof. Dept. of Physics, NBBGC.**

Convener: Dr. Homnath Luitel, (Assistant Prof, Dept. Of Physics, NBBGC, Tadong), email id: hlphysics20@gmail.com; Mob No: 9002100310

Members

- 1. Mr. R. Rai**
- 2. Mr. R. P. Dhakal**
- 3. Mr. K. K. Manger**
(Assistant Professors, Dept. Of Physics, NBBGC, Tadong).

Organized by: Dept. of Physics, Nar Bahadur Bhandari Govt. College (NBBGC) Tadong, to celebrate National Technology Day 2021 (11th May 21)

Mr. Vivek Chettri
HoD, Physics, NBBDC, Tadong
